Abortion Recovery - Surrendering the Secret Bible Study

By Camie Britt, Executive Director

They dress the wound of my people as though it were not serious. "Peace, peace," they say, when there is no peace. Jeremiah 6:14 NIV

Without question, abortion can be one of the most traumatic experiences in a person's life. Millions of women hide the heartbreak, shame, and loss of a past abortion. Some do not realize the many lasting effects that this trauma has had on them. These women need to find hope and freedom by sharing in a safe, confidential community.

At the banquet in 2023, I shared about my burden for women who have experienced the trauma of abortion. I told the audience that I was asking God for 5 women to be ready to heal from the pain of abortion and help build a strong abortion recovery team. In the audience that night were two women who both contacted me afterward. One stated that God told her she was supposed to help me, and the other indicated that she might be ready to work on her recovery. Those were the sparks that ignited a plan for our first bible study.

Throughout 2024, two of us met regularly for prayer, research, training, and preparation to begin the first study in January 2025. In addition, we asked a few others to cover this group in consistent prayer. As a result, God brought two women forward who were courageous and willing to trust us to begin the journey together.

I am very pleased to report that we finished in mid-March. It has been an exciting and stretching adventure with God, as we watch Him work to bring healing and freedom for these ladies. It was a great privilege to walk with them on this journey and we were all changed by it. Both women have found new levels of freedom as a result. Although healing will be an ongoing process, this study helps build a framework for continued progress.

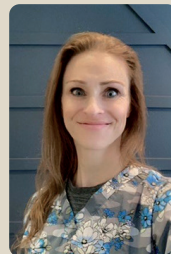

We are asking God to gather the next group of women in His perfect timing. If you have had an abortion, and sense God may be nudging you to seek more healing, please contact Hope With Options and ask for Camie. I would love to talk to you confidentially and answer any questions you may have as you consider this important step.

We are all grateful for those who have been praying for this group and for all our partners who share in the triumphs of these precious sisters.

Pendleton Right to Life Billboard Highlights APR

This billboard was located on Southgate in Pendleton across from D&B Supply facing south in March until recently. The target audience is women who have taken the abortion pill or those who know someone who has. In addition, it is informing the public that abortion pill reversal is a possibility.

Many people do not know that the Abortion Pill can be reversed safely within 72 hours of having taken the first pill, or that the progesterone used

to counteract the abortion pill is a safe and naturally occurring hormone. If the APR Network gets a call from someone in our area, our nurse will be contacted to help connect the caller with the treatment she needs to begin the reversal process.

We want to express our thanks to Janet Haddock and Pendleton Right to Life for highlighting Abortion Pill Reversal and the APR network in our area. Even though the billboard has changed, we are praying that it will save some local lives, but also that tourists and travelers have seen it and remember and contact the APR network later. How many lives will be saved by the message of hope on this billboard? Only God knows.

Clients Like Gift Cards

Offering gift cards has been a great motivator for people to participate in Bright Course lessons. Some are coming in weekly to exchange their “bucks” for gift cards. We are going through gift cards pretty fast around here and could use some more.

Hope Restored Fall Banquet: Coming in September

Hope With Options Pregnancy Care Center is pleased to announce our 2025 Annual Fundraising Banquet, “Hope Restored” to be held **Tuesday, September 30, 2025**, at the Pendleton Convention Center. Rebekah Hagan, who will be our guest speaker, is one of today’s leading voices on unplanned pregnancies and chemical abortion.

Raised in a Christian home where abortion was never discussed, Rebekah’s journey into pro-life ministry was both unexpected and deeply personal. When faced with her second unplanned teenage pregnancy, she was terrified of losing her support system and began a chemical abortion that changed her life forever.

Her story, however, took a remarkable turn, and she now uses her experience to explore the mindset of women facing unplanned pregnancies, share the truth about abortion, and bridge the gap between the church and the challenges women are facing.

Client Feedback:

“Your Earn While You Learn program has been super helpful to me. I’m learning how to be a better parent while being able to earn gift cards that help me buy things that we need like gas and groceries. I appreciate you so much!”

“Thank you for recommending the Dunstan baby language lessons. I had no idea that babies actually have a language, and you can identify their needs by the sound of their cries. I found it very intriguing and shared the information with my sister who just had a baby.”
